

### **About this Journey:**

Yukon and Alaska is a highly requested Journey and beloved location for many of our past guests. It includes a unique opportunity to uncover lesser-known parts of our great country and explore the breathtaking beauty and wildlife of Alaska.

At Journeys, we pride ourselves on providing our guests with the best accommodation possible. We ask that you keep in mind, most of the charm and allure behind our Yukon and Alaska Journey comes from the experience of being in remote, untouched natural destinations. Our accommodation is a combination of basic motels and hotels as a result, and at times facilities may be limited.

Canada is a vast, beautiful country with much land to cover. This Journey includes several long travel days by coach to cover the distance between your must-see destinations. We do stop for lots of coffee breaks and photo taking throughout and if you enjoy road trips, you will undoubtedly enjoy this portion of this trip!

*As you consider your future travel plans, here are our recommendations –*

### **This Journey May Not Be Ideal If:**

- You dislike traveling by coach or cruise.
- You prefer more luxurious accommodations and destinations.
- Wilderness and nature do not align with your travel preferences.

### **Instead, we recommend:**

**Norwegian Coastal Voyage** – You will still experience the beauty of nature and the north, in a slightly more elevated setting accommodation-wise.

**South American Cruise** – Trade in Alaska for a glimpse of the Antarctic, while enjoying sunnier destinations and life onboard a luxurious ship!
