Rovos Rail Extension

Step aboard a luxurious Victorian train and prepare for one of the top-rated rail experiences in the world.

During a Journey on the Rovos Rail, enjoy the perfect harmony of luxury, comfort, and nature, as this classic chariot from a bygone era carries a few fortunate guests through the most breathtaking landscapes of Africa.

Even before you embark, the locomotive's refinement is evident on the exterior of its vintage wood-panelled coaches. That same attention to detail is carried throughout the entire experience, in the form of upholstery leather couches, and delicately piped icing on cakes served during afternoon tea.

This luxury doesn't come at the cost of comfort, of which there is plenty on board. In your private 10-square-metre Deluxe suite, kick your shoes off and watch the vistas pass by, interspersed with wildlife sightings, through your picture window. Take in the same views with a drink in hand, from the open-air observation car at the rear of the train.

On this train ride unlike any other, the Journey truly is as exciting as the destination. Recapture the romance of what it is like to explore the world by rail.

Day 14 Rovos Rail

This morning is at your leisure to enjoy the amenities of the hotel. Following lunch, we walk the short distance to the train station and begin check in. Board the Rovos Rail for the beginning of our rail Journey towards Pretoria. There will be time for freshening up before joining fellow travellers in the lounge car before dinner.

Day 15 Hwange National Park

You will receive an early morning wake-up call today for your game drive at the Hide. We go on a game drive in the morning because it is when the animal kingdom is most active! Hwange is home to one of the largest populations of African wild dogs left in Africa and it is also a great place to see other interesting creatures like bat-eared foxes, genets and caracals. We return to the train for brunch and continue our Journey towards South Africa.

Following travelling from along one of the world's longest stretches of straight railway line – 114 kilometres – we pass by Bulawayo as we turn southwest towards Botswana. Mr. Rhodes ordered that the streets of Bulawayo be wide enough to allow an ox-wagon with its full complement of 16 oxen to turn a complete circle! Thus it has the distinction of having the widest streets and longest railway platforms in the world.

In Rudyard Kipling's Just So Stories, the 'Elephant's Child' departs his family for the "great grey-green, greasy Limpopo River, all set about with fever-trees, to find out what the Crocodile has for dinner."

The train crosses the Tropic of Capricorn and we travel through Warmbaths (Bela-Bela), so named for its mineral waters and Nylstroom, christened by the Voortrekkers as the source of the Nile River as the town's river happened to be north flowing. Pass the edge of the escarpment where the Highveld drops precipitously

THE PRIDE OF AFRICA

The most luxurious train in the world

Since its establishment in 1989, Rovos Rail has earned an international reputation for its world-class travel experiences. Step aboard the wood panelled coaches, classics remodelled and refurbished to mint condition, and enjoy fine cuisine in five-star luxury as some of the most varied scenery imaginable unfolds beyond the windows. Recapture the romance and atmosphere of a bygone era, when privileged travellers experienced the magic and mystery of Africa in a relaxed and elegant fashion.

The trains which may be hauled by steam, diesel or electric locomotives at various stages of the journey, carry a maximum of 72 passengers in 36 superbly appointed suites. Each one of the carriages, from kitchen cars to sleeper coaches and guards vans, has its own story. A few dating back to 1911 were constructed in Europe and shipped to South Africa in the first half of the last century. Some carriages have carried royalty, while others have ended up serving as restaurants or lying derelict and forgotten on sidings for decades.

These coaches have been collected from the far corners of the country and are now cherished members of the Rovos fleet of 75 carriages. The coaches have been painstakingly rebuilt and the use of fine wood panelling, traditional furnishings and period décor has ensured an atmosphere of elegance and grandeur. Exquisite pillared dining cars are a signature of the Rovos Rail trains, and each one has a proud history and has been meticulously restored from a derelict state.

Each of the trains has two Dining Cars to accommodate the 72 passengers in total comfort at one sitting. Additionally, each train has a rear, non-smoking Observation Car with enlarged windows and open-air balconies, while the coach next to it contains a small smoking lounge. At the centre of the train there is also, when numbers dictate, a non-smoking Lounge Car, which houses the Gift Shop.

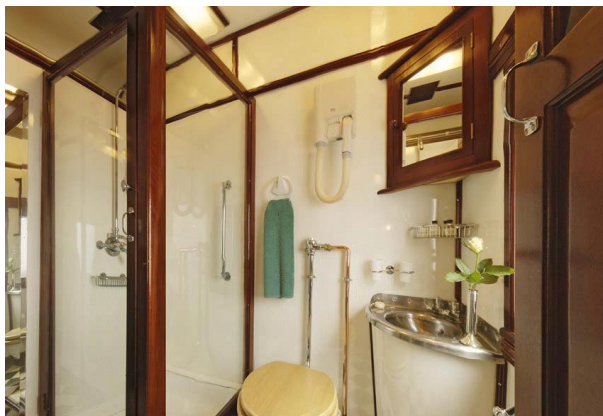

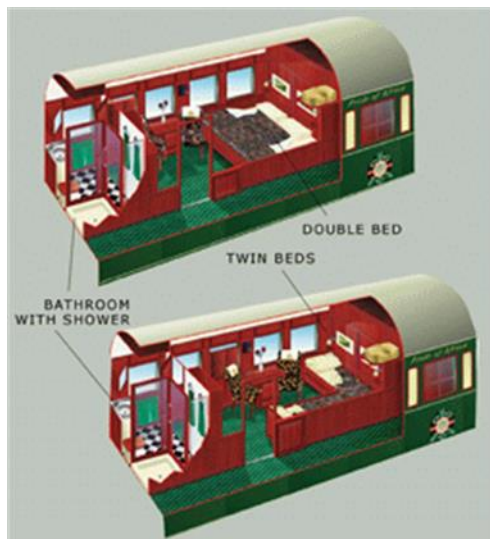

The Suites – World-Class Comfort & Style

The rebuilt sleeper coaches contain the most spacious train suites in the world, offering every modern convenience and comfort. The epitome of luxury, with handsome wood panelling and period Edwardian features, the air-conditioned suites accommodate two people offering either twin or spacious double beds. All are equipped with a writing surface and, for valuables, a personal safe. There is also a bar fridge filled with beverages of the passengers' choice and room service is available 24 hours a day. In the ensuite bathrooms original fittings combine with the modern technology of hot showers, hair dryers and shaver plugs.

Deluxe Suite – 118 sq. feet

Deluxe Suites accommodate two passengers in either twin or double beds and have a lounge area and en-suite bathroom with shower. The very spacious suites offer passengers the opportunity to travel in privacy, comfort and luxury, with fittings and facilities that are of the highest standard.
